Mr. Scott Riedel
11040 West Bluemound Road
Wauwatosa, Wisconsin 53226

Dear Scott,

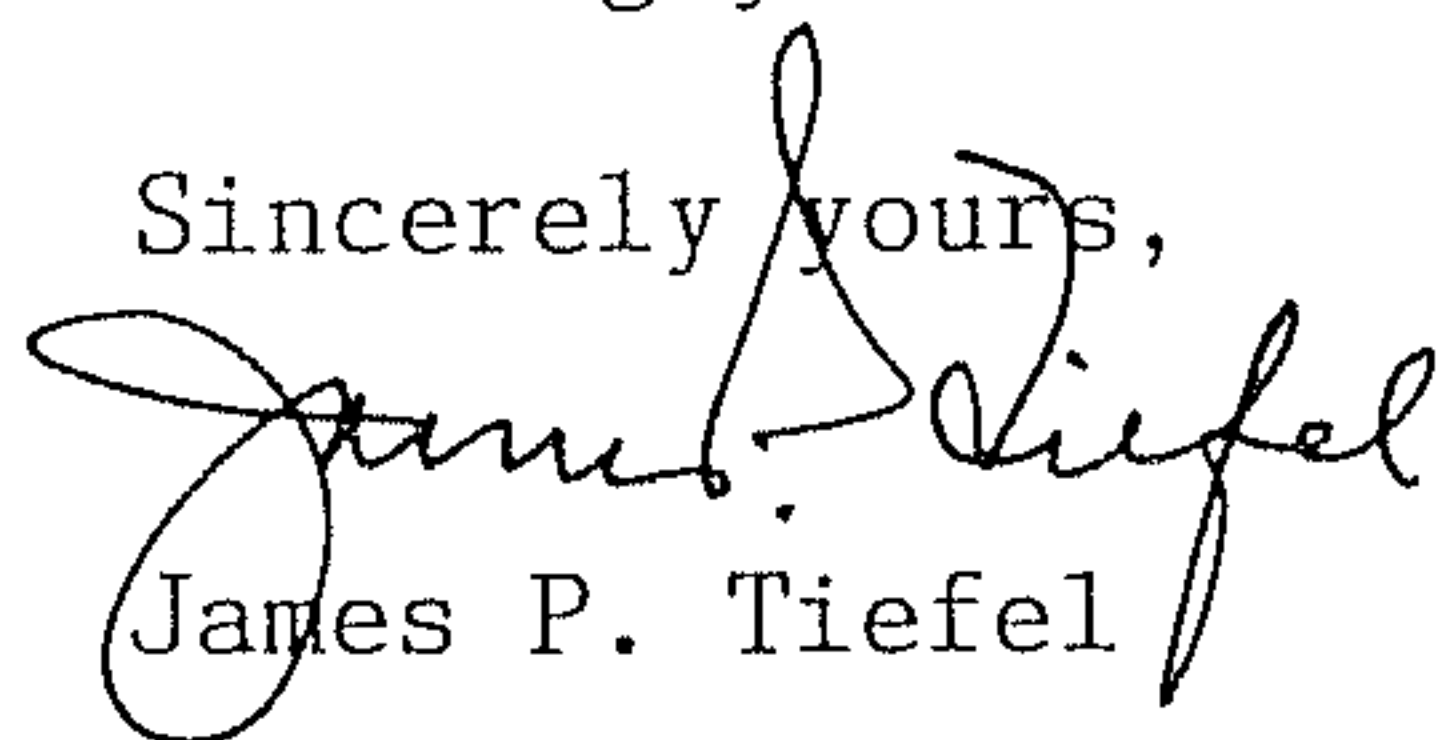

I do apologize for keeping you "on the hook" for so long concerning the position of consultant for the new Seminary pipe organ. Difficult schedules have led us to extend this project over a greater period of time than was necessary.

The Seminary Board of Control is about to secure the services of Dr. Edward Meyer to serve as our consultant. As I had mentioned to you, Dr. Meyer was somewhat a "natural" because of his status as chairman of the music division at our sister school, Dr. Martin Luther College of New Ulm.

This choice in no way indicates any personal displeasure with your suggestions and advice. It was a pleasure to make your acquaintance and I am hoping to be able to see you often in the years ahead. Let me add that you should not be surprised if we contact you to secure your services in acoustical design.

Thanking you for all your help, I remain

Sincerely yours,

James P. Tiefel
