Wisconsin Lutheran Seminary  
11831 N. Seminary Drive 65W  
Mequon, Wisconsin 53092

March 29, 1990

Dear Professor Tiefel:

At our last meeting in February at the Seminary and also in my follow-up letter of February 15, we discussed the option of staining the organ case. I am sending with separate mail twelve different wood stain samples from which to choose.

Please let me know of your decision and we will proceed accordingly.

I would appreciate it if you could return the wood samples at your convenience.

Sincerely,

cc: Dr. E. Meyer
